TECHNICAL SKILLS

- Programming languages:** JavaScript, Java, Kotlin
- Database:** MySQL, SQL Server, Firebase
- Tools:** Git, Visual Studio Code, Android Studio, OOP
- Android (basic):** View-based UX/UI, Compose
- CEFR Level:** B1 Capable of reading technical documents and basic communication
- Other skills:** Problem-solving, teamwork, time management, and effective communication

EDUCATION

Hung Vuong University
2021 - 2025

- Major: Information Technology
- Degree Classification: Good

ACHIEVEMENTS

- HV Fixer 2024 - 3rd Prize (University Level)
- Student Scientific Research Contest - 2nd Prize

CAREER OBJECTIVE

I am a graduate in information technology with a strong desire to learn and grow in the tech industry. I enjoy solving problems through coding and always try to improve my skills. I am looking for a chance to apply what I've learned and continue learning through real-world experiences.

WORK EXPERIENCE

Namuga Technology Company (Intern)

- Description:** Participated in operating and monitoring automated machinery systems in the camera manufacturing production line and inspected product quality and components according to technical standards.
- Results:**
 - Achieved a performance evaluation score of 9.3/10 during the internship.
 - Successfully completed assigned tasks while ensuring production progress and quality.
 - Recognized for a strong sense of responsibility and a positive work attitude.

03/2023 - 06/2023

Pegatron Company (Intern)

- Description:** Performed technical inspections on GPU production machinery. Assisted engineers in machine performance testing and ensured compliance with standards.
- Results:**
 - Achieved a performance evaluation score of 9/10 during the internship.
 - Improved practical understanding of GPU architecture and operating principles.
 - Quickly adapted to production support machinery.

01/2024 - 05/2024

BYD Company (Engineering Assistant)

- Description:** Participated in maintenance and operational tasks across all workshop sections, including PNY and GPS. Responsible for inspecting, diagnosing, and troubleshooting machinery issues, performing preventive maintenance, supporting equipment installation and repair, and collaborating with relevant departments to ensure stable machine operation and uninterrupted production.
- Results:**
 - Successfully resolved routine machine faults with minimal supervision.
 - Maintained stable operation of workshop equipment through regular inspections and preventive maintenance.
 - Demonstrated the ability to work effectively in a team and adapt to different maintenance tasks across multiple workshop sections.

07/2025 - 05/2026
